

Barra X2 Medusina

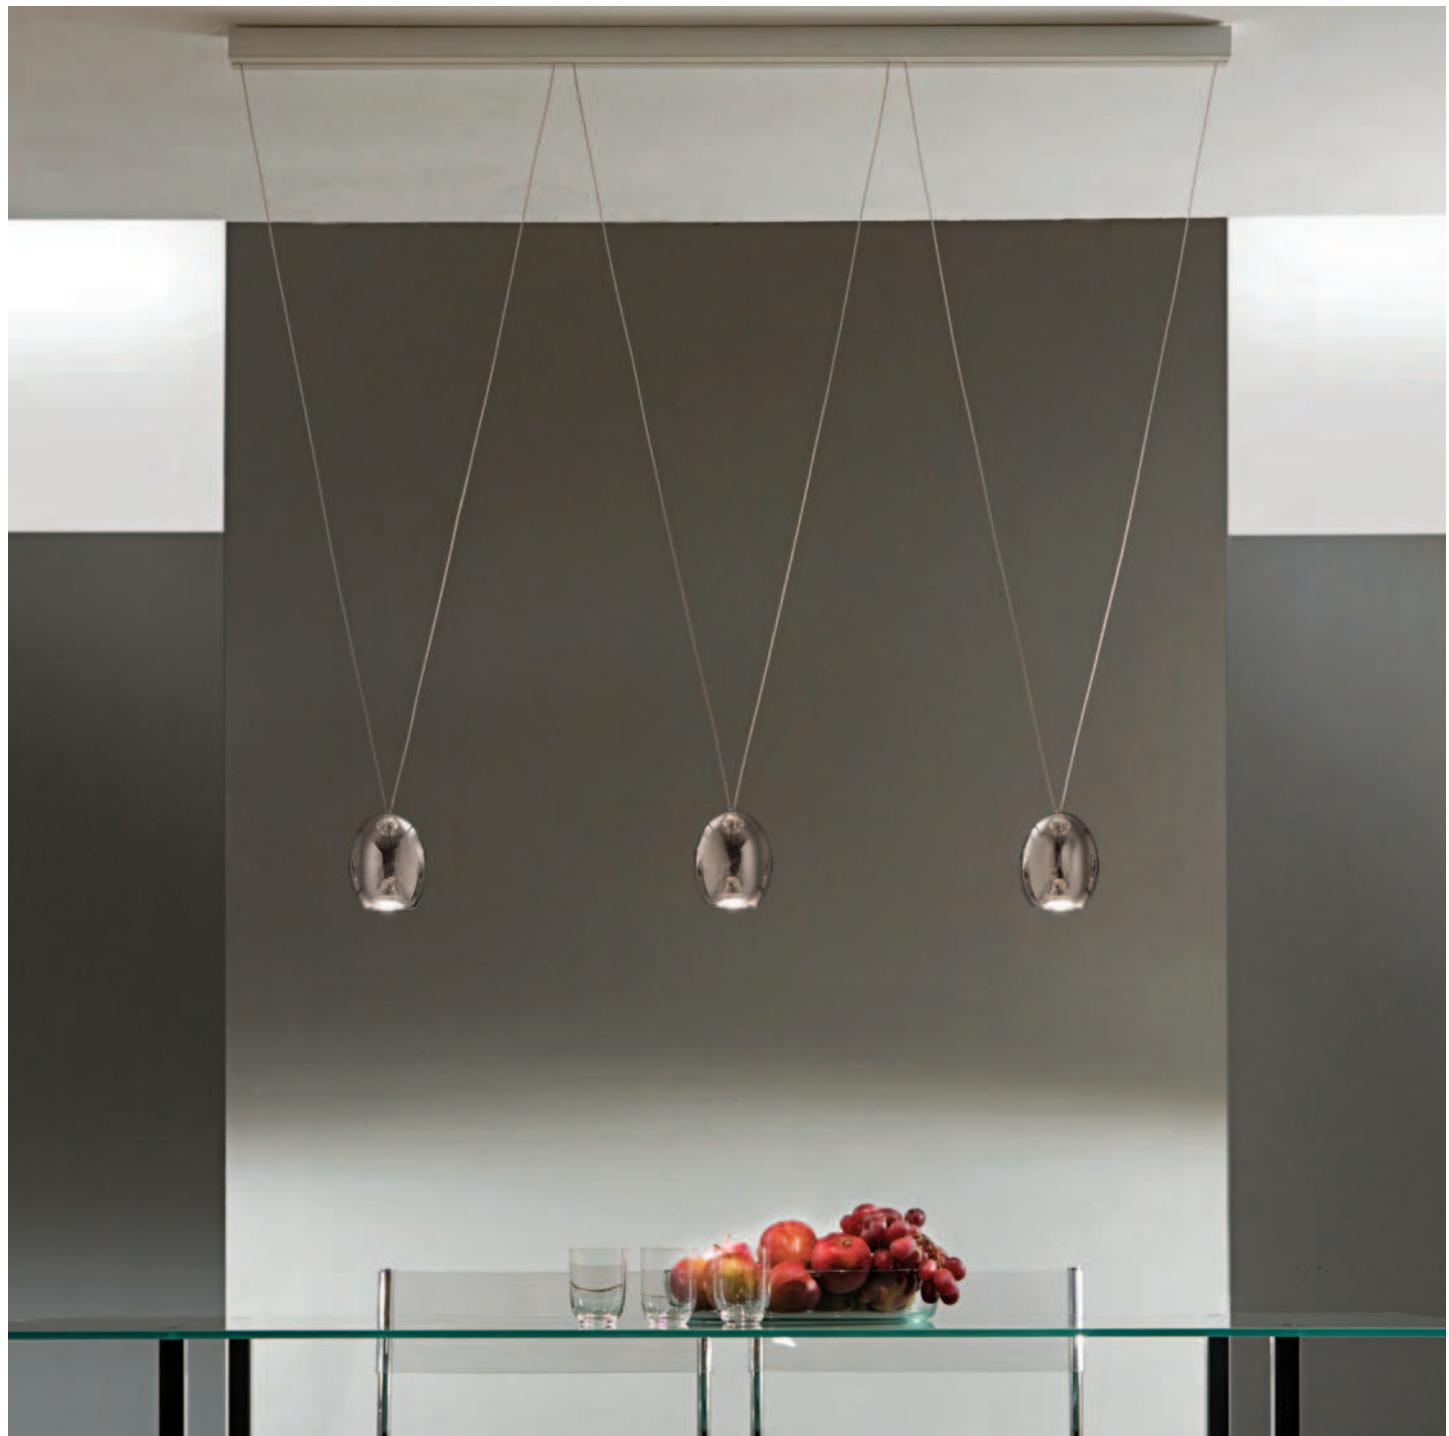

## BARRA

Rosone a barra che contiene il trasformatore e al quale si possono sospendere, con il proprio cavo di alimentazione monopolare, due o tre corpi illuminanti. Il rosone, lungo 115cm, è disponibile in due finiture: color bianco e color alluminio. Si utilizza con corpi illuminanti della collezione a 12V.

Bar rose which houses the transformer and to which it is possible to suspend two or three lighting bodies by means of their small monopolar power cables. The rose is 115cm long and is available in two colours: white and aluminium. Choose the lighting bodies from our 12V collection.
